Armaments Information Literacy
(DGA-MI),

Vivid ecosystem 3/3 - industrial chairs

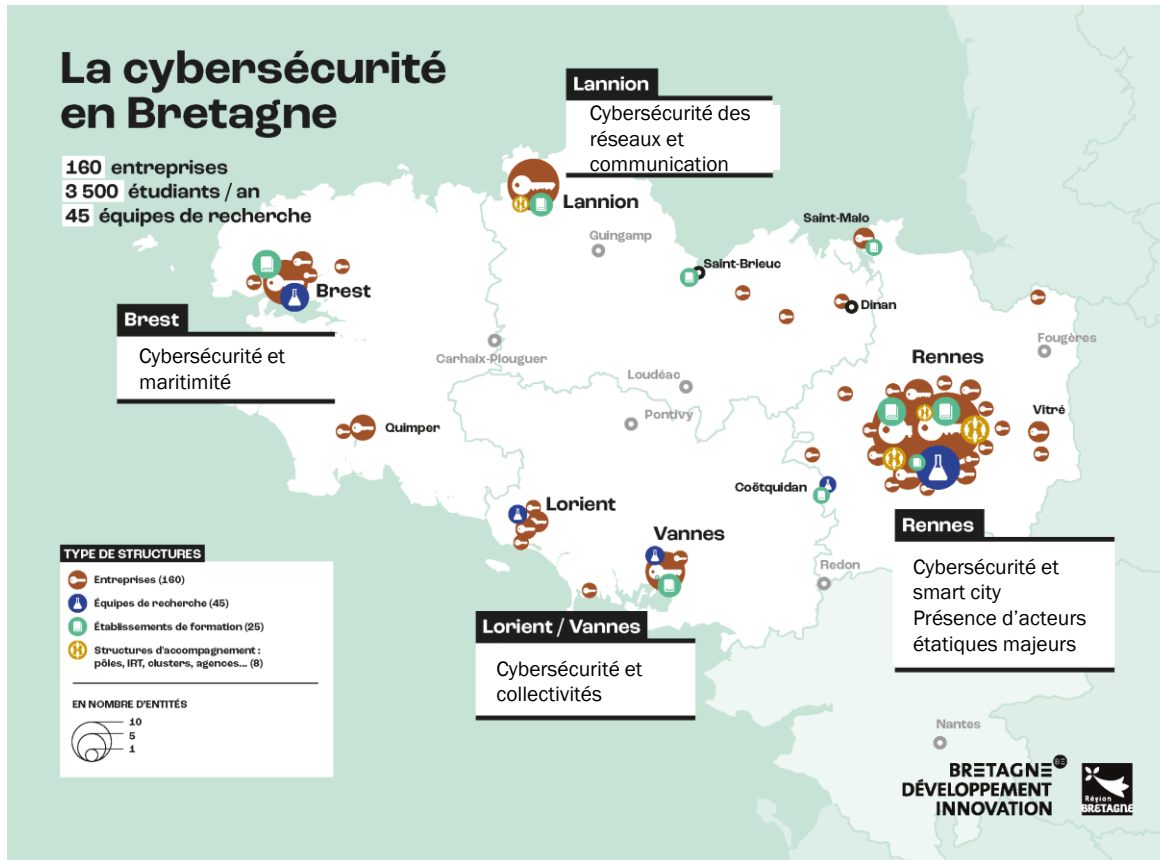

Chair in Cybersecurity, Data Protection and Fundamental Rights (Rennes)

(2017) Chair of threat analysis (Centrale Supélec)

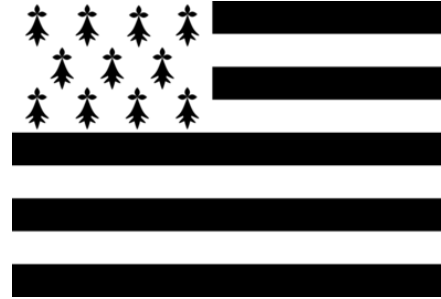

→ Brittany, a key region in cybersecurity in France and the EU

Brittany : a key player for the European ambition and the national strategy on Cybersecurity

Be
technologically
sovereign &
strategically
autonomous

Regional roadmap : Ambition to act in cooperation, to sustainably develop the cybersecurity ecosystem and to make Brittany a territory of digital trust

A national strategy
aiming at structuring
the Cybersecurity
ecosystem

- Support innovation and the emergence of trusted services and products
- Develop adapted curricula and attract resources in all cybersecurity related jobs
- Deploy cyber culture throughout society

→ S3 main objectives on cybersecurity

1 : Supporting economic development & structuring the cyber ecosystem

2 : Implementation of structuring research and innovation programs

3 : Developing structuring projects around business verticals
Health, Maritime, Defense, logistics

4 : Including cybersecurity in training issues

5 : Develop structuring projects around technological crossover
Cloud, 5G, IA, humanities
